

To the Student Body,

We acknowledge the considerable challenges that have arisen as a result of the recent staffing optimization measures. The University has been compelled to reduce costs and, consequently, embarked on a restructuring initiative which led to the elimination of certain positions. While we concur that the restructuring of these positions was necessary, we are of the opinion that a comprehensive evaluation of the administrative framework is essential, encompassing not only the student-facing roles but also those in higher administration.

We firmly believe in our institution's tradition of embracing change as long as it upholds principles of fairness and equality. It is in this spirit that we seek an equitable and balanced approach to the current situation. It is our hope that the principles of fairness and equity that are intrinsic to Lyndon University's identity will be reflected in the ongoing optimization process.

With the utmost respect and commitment to the values that define our university, we remain dedicated to ensuring that the welfare and interests of the entire university community are upheld.

Sincerely,
Lyndon Student Government Association
